Alex Horodnic
Software Developer

I'm a passionate front-end developer with a talent for turning design concepts into pixel-perfect websites. I strive to create web solutions that not only look great but also function flawlessly. Whether working independently or collaboratively, I'm always eager to take on new challenges and find innovative solutions to complex problems.

WORK EXPERIENCE

Front End Developer
Public Retail A.E.

06/2022 - Present

Tasks
- My current responsibilities as a Front End Developer include handling tickets promptly and efficiently while collaborating closely with QA and Design teams. This ensures code changes are thoroughly tested before deployment, and UI/UX designs meet branding guidelines, providing an optimal user experience for customers. I maintain clear and consistent communication with project managers throughout the development process to meet project timelines and goals.

Agent, Customer, and Technical Support
Western Union

04/2021 - 06/2022

Tasks
- My job responsibilities primarily focused on ensuring that customers' money transfers were processed accurately and efficiently. This involved conducting various tasks, such as modifying money transfers, verifying documentation, and escalating cases as needed to ensure that customer concerns were addressed promptly. I was responsible for providing assistance with general inquiries, such as answering questions related to transaction fees, exchange rates, and transfer limits.
